

# MAGICSTREAM®

## LAMINARS

Crystal clear by day, dramatic color at night.

MagicStream Laminars create totally clear, uniform arcs of moving water that originate from either your pool deck or surrounding landscape. At night, these translucent streams are brilliantly colored with an energy-efficient LED light source. The result is a water effect that adds an elegant bit of entertainment to your poolscape.

## MAGICSTREAM® LAMINARS

# Enhancing the entire sensory experience

MagicStream Laminars clearly add to the sights of your backyard sanctuary. But, they also provide a gentle, soothing auditory experience as the stream gently enters your pool—just a hint of sound to mask neighborhood noises that may otherwise interrupt your down time.

Perfectly synchronizes with IntelliBrite® 5g Underwater Color-Changing LED Pool and Spa Lights and ColorVision® Bubbler with separately sold GloBrite® LED Lights. It also works with the optional IntelliBrite Controller or Pentair Automation Systems to give you fast and easy control of your lighting experience. For even greater control, add an optional ScreenLogic® Interface to your Pentair automation system and access your pool from practically anywhere and at anytime using your smartphone, computer or mobile digital device, Amazon Echo®, Apple Watch® wrist wearable device or Google Home™ smart speaker.

### KEY FEATURES

#### Water stream adjustability

Adjustable housing allows you to customize the water arcs to meet your desired needs.

#### Easy-to-adjust nozzles

Laminars are easily adjusted two ways: vertically to create different heights and arc shapes, and the direction the arc is pointed can be moved right or left. Get creative by varying individual stream's height, arc shapes, direction and color.

#### Easy removal and replacement

Laminars are designed for easy removal and replacement.

#### Microprocessor-controlled LED system

A microprocessor-controlled, color-changing LED lighting system is at the heart of the MagicStream Laminar. Nighttime color effects include the ability to hold a steady color or scroll through a range of five vibrant LED colors and 7 dazzling light shows.

#### Flush installation

Installation is made flush to your deck or other surface; no unsightly or unsafe edges, just the magic of water erupting from a hidden source.

#### Optional box lid colors

Laminar box lids available in tan, black and gray to match or complement pool deck or other installation surface.

#### Fully assembled

MagicStream Laminars come fully assembled and ready to install on nearly any water return line. To create spectacular nighttime effects, an LED light engine is included. Simply add plumbing and a pool transformer to provide just 16 watts of 12V power.
